

UMBRELLA STAND COLLECTION

Our sturdy and durable stands and bases are the ultimate addition for showcasing your umbrellas.

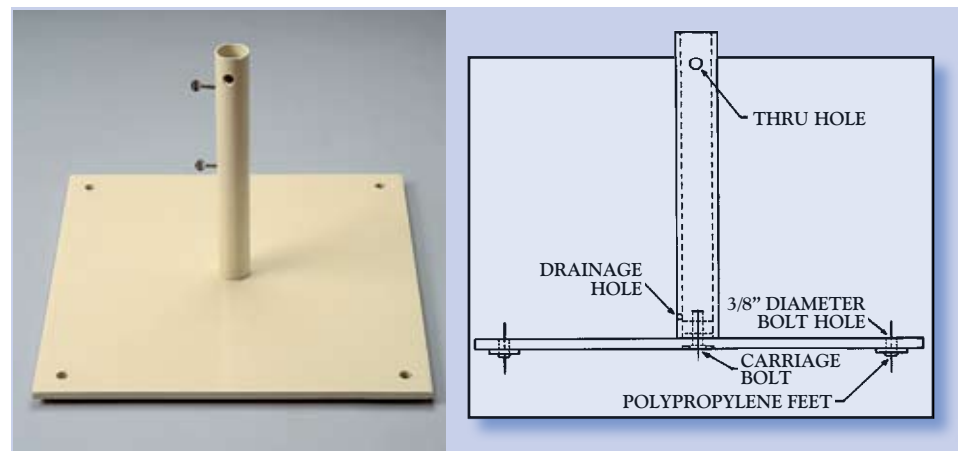

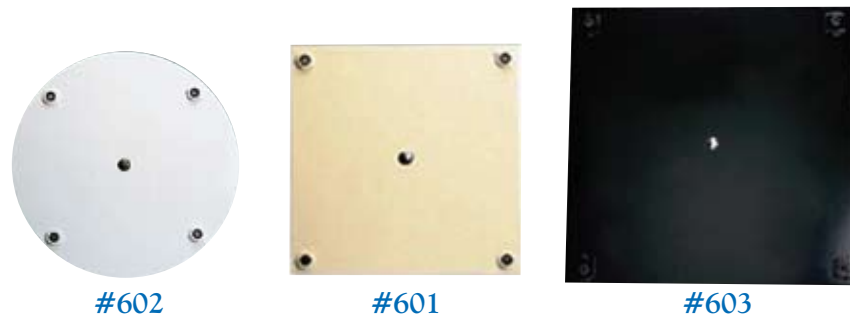

UMBRELLA STANDS
STAND #602 57 POUNDS
 24-1/2" DIAMETER
 (3/8" Thick)

STAND #601 71 POUNDS
 21-1/2" SQUARE
 (1/2" Thick)

STAND #603 138 POUNDS
 30" SQUARE
 (1/2" Thick)

DESIGN FEATURES

- Two-piece construction assembles easily with one carriage bolt.
- Thru holes are provided near the top of the sleeve for securing the umbrella to the stand with a restraint pin or bolt (see Note below).
- A drainage hole at the bottom of the sleeve eliminates water buildup.
- Four 3/8" diameter holes are provided in the base plate for securing the stand to the surface on which it rests (see Note below).
- Thick, durable feet made of long-lasting tested molded polypropylene provide protection against surface scratches and keeps the base plate off the ground, minimizing moisture buildup.
- Heavy steel construction provides sound umbrella support.
- Standard painted finishes in black, white and almond.

UMBRELLA STAND & BASE OPTIONS

- Three stands to choose from (see above). Ask your representative which umbrella stand is right for your umbrella use.
- Three sleeve sizes for 1-1/2" diameter, 2" diameter and 2-3/8" diameter poles, to choose from.
- Available in black, white and almond powder-coat finish.

NOTE: Read and follow instructions included with the umbrella stand.

UMBRELLA ALUMINUM BASES

Our stands and bases are engineered to withstand everyday use and weather, for a long-life.

UMBRELLA BASES
BASE #631 74 POUNDS
 23-1/2" SQUARE
 (2-1/2" Thick)

BASE #633 96 POUNDS W/ WHEELS
 29-3/4" DIAMETER
 (2-3/4" Thick)

BASE #635 126 POUNDS W/ WHEELS
 29-3/4" SQUARE
 (2-3/4" Thick)

DESIGN FEATURES

- Aluminum shells ship without sand to minimize freight costs. Sand is required for proper base installation.
- Thru holes are provided on the sleeve for securing the umbrella to the stand with a restraint pin or bolt (see photo 1).
- Sleeve is welded to a round plate that is secured underneath the base to prevent the sleeve from pulling out of the shell (see photo 2).
- Thick durable feet made of polypropylene provide protection against surface scratches and keeps the base plate off the ground. (see photo 3).
- Wheels are standard on the two larger base sizes.
- Standard finishes; black, white, almond or brushed aluminum.
